

Skeeter 590c Mini Cruiser

Skeeter 590c Mini Cruiser

The Skeeter 590c is the ultimate in aft cockpit mini cruisers, ideal for short breaks or extended cruising.

This craft has been designed with budget cruising in mind and can be powered with engines from 15HP to 150HP. The unique hard top feature is unusual on this type of craft and it has been said "it made a boat of her". Comfortably fitted out with moquette cushions and backrests in the cabin, fully carpeted with marine grade carpet and vinyl cushions, helm and mates seats in the cockpit. The weatherproof canopy converts the cockpit into overnight accommodation and can comfortably sleep four.

The Skeeter 590c is available with several optional layouts giving galley, toilet and dining area in cockpit if required. If you do not wish to have the popular hardtop a windscreen can be fitted in its place with a cockpit canopy, giving more open feel but still retaining all the features previously mentioned. As you can see many combinations or alternatives are available to customise the craft to your requirements, including a choice of colours.

The Skeeter 590c is suitable for coastal, estuary or inland Cruising and can easily be towed, launched and recovered using the recommended trailer.

Length 19'4". Beam 7'2" App weight 650K
Recommended Power 15HP - 150HP
