

Redfinn 6000 Angling Boat

The REDFINN 6000 has a new extended cab. This allows the pilot and co-pilot to fish in comfort and without an umbrella!

The new front hatch has a separate section at the front which can be removed and stowed while fishing from the front. The window section is on hinges with a stay.

Bouyancy foam under floor now extends all the way to the transom. This makes the REDFINN 6000 more bouyant and improves the self bailing ability.

Length 6m (19'6")
Beam 2.2m (7'4")
Draft .610m (2')
Weight 650Kg(without engine)
Max Engine size - 150HP
CE Class C
